## Telephone Consumer Protection Act Includes Faxes

The Federal Communication Commission (FCC) has amended the Telephone Consumer Protection Act (TCPA) and these new regulations will take effect on August 25, 2003. The language in these new regulations has been amended and dramatically alters the methods of sending unsolicited faxes that may be considered advertisements.

Although we regard our DAAAlerts as a service, and our purpose is to provide timely news and regulatory updates for your information, the new language in the proposed TCPA brings into question the legality of continuing our current faxing approach. The new rules require a signed, written consent from the recipient before an unsolicited fax can be sent to them.

You are presently on our fax list to receive DAAAlerts. In order to continue receiving this service, one of the attached consent forms must be completed in full and returned to us. The form may be returned by fax (540) 552-0291 or mailed. If returned by mail, send to the attention of Cathy Hanks at Draper Aden Associates, 2206 S. Main Street, Blacksburg, VA 24060.

For more information on the proposed TCPA go to the Federal Communications Commission web site at [www.fcc.gov/gbd/](http://www.fcc.gov/gbd/) and look in the "headlines" section.
