

Draper Aden Associates

Engineering • Surveying • Environmental Services

We welcome Jeff Lighthiser in his new role as President and CEO on January 1, 2010. With a combined 34 years of engineering, management and marketing experience, the firm is in good hands as Jeff leads us into the future.

As we look to the future, we can't forget our past. The employees of Draper Aden Associates owe an enormous debt of gratitude to Bill Aden for his foresight and leadership these many years. We look forward to continuing to work with Bill in his role of business development and mentor.
