## Local Transportation Projects To Benefit

# Revenue Sharing Program Increases Funding

More funds are now available through Virginia's Commonwealth Transportation Board (CTB) for local transportation projects. The funding offered by the CTB has increased for the upcoming year and the total program's budget will be \$100 million. The funding is now open to all counties, cities and towns who maintain their road systems.

Due to these changes the application deadline has been changed to **July 22, 2005**. Previously submitted applications may be revised. If you have already submitted you must indicate in writing if you want to leave your application as is, revise it or withdraw it.

If your locality is submitting an application, whether new or revised, the following information is required:

- 1.) County Board of Supervisors resolution of support
- 2.) Designation of funds form listing potential projects and costs.

The current program guidelines and required forms can be accessed at [www.virginiadot.org/business/local-assistance.asp](http://www.virginiadot.org/business/local-assistance.asp). Click on the Revenue Sharing link.
